1. Go to instagram.com.
2. Enter your email address, create a username and password or click **Log in with Facebook** to sign up with your Facebook account.
3. If you register with an email, click **Sign up**. If you register with Facebook, you'll be prompted to log into your Facebook account if you're currently logged out.

If you sign up with email, make sure you enter your email address correctly and choose an email address that only you can access. You can create a private account to show your work exclusively or just so that you have access to view the AWC account. Post every day or never, no stress. Either way please continue to email images to either -
